Dear Subscriber,

Thank you for choosing Logic One Limited, your 100% Digital Cable System, with High-Speed Internet Services.

Not all subscribers presently have our Digital Cable TV service and we are taking this opportunity to define the difference between Analogue and Digital cable TV. Digital TV can only be viewed via Digital Set Top Boxes (see models below)

DCT 700 Digital Box

CFT2254 Analogue Box

DCT 6208 /1000 DVR/
HD Digital HD Box

Our Digital Services offer an expanded channel listing that now encompasses approximately 170 channels.

The benefits of the new Digital Cable Boxes are as follows:

- 1. Improved picture quality.*
- 2. Full stereo.*
- 3. On Screen TV Guide.*
- 4. Smaller Unit.*
- 5. Locking features –(Parental, Rating & Channel).*
- 6. User Friendly.*
- 7. Expanded Channel Capability.*
- 8. Viewable on Screen program information.*

To upgrade to Digital the accountholder should return our analogue unit. When the analogue unit is returned in good working condition its security deposit of \$1000 can either be returned or applied towards the security deposit for a DCT (digital customer terminal). The deposit on DCT 700 units is \$3000 units can also be purchased. (Conditions apply) (Prices subject to change)

Please join us as we embark on a new frontier of Digital Cable Television and High Speed Internet and enjoy the wonderful benefits of this new system.

For further Information, please contact our offices 931-2445 | 905-0496 | 941-8079 | 755-3979 | 969-5840 | 969-8976 or email us at info@logic-one.net or logictv.1@gmail.com
